Salt Lake 2002 Olympic Games Cauldron

Location: Salt Lake City, UT

Architect: WET Design
Owner: International Olympic Committee
Year of completion: 2002
Climate: Tropical and Subtropical Steppe Climate
Material of interest: Laminated Glass
Application: Support Pieces

Properties of material: The cauldron is constructed of the Laminated Glass which is a wire-less, fire-resistant glass. If impacted, the glass adheres to the interlayer, reducing risk of injuries to spectators below.

Manufacturer/fabricator:
manufacturer: oldcastle glass
fabricator: Arrow Dynamics
