Ningbo Historic Museum

Location: Ningbo, Zhejiang Province, China

Architect: WANG, SHU
Owner: Ningbo City
Year of completion: 2008
Climate: Humid Subtropical Climate
Material of interest: Stone facade
Application: Exterior

Properties of material: The architect used many local abandoned materials such as old bricks and shattered pottery pieces to make these 24 meters high exterior walls. The building resides in the mature perfectly, making the museum not just a place to collect history, it itself is a historic creature.
