Nested Subclasses of the Schur Class

Abstract

We will discuss a family of intermediate subclasses "joining" the Schur-Agler class and the Schur class. The talk is based on a joint project with Dmitry Kaliuzhnyi-Verbovetskyi and Hugo J. Woerdeman.

Talk time: 07/19/2016 5:00PM— 07/19/2016 5:20PM

Talk location: Crow 206

Special Session: Multivariable operator theory. Organized by H. Woerdeman.
