Residential Building Zug Schleife

Location: Zug, Switzerland

Architect: Valerio Olgiati
Owner: N/A
Year of completion: 2011
Climate: Temperate Oceanic Climate (Koppen Climate Classification: Cfb)
Material of interest: Cast-in-Place Concrete
Application: Structure, Exterior, Interior
Properties of material: Concrete with added red coloring mixtures was casted in place to make the whole building except glazings and in-unit finishes, achieving what the architect desired as “unity”.
