

Toyota, Japan

Architect: Katsutoshi Sasaki + Associates

Owner: Katsutoshi Sasaki

Year of completion: 2017

Climate: Humid Subtropical Climate

Material of interest: Wood

Application: exterior & interior

Properties of material: In contrast to the dark exterior facade of painted wooden planks, the interior is lined with natural Falcata plywood. Because of its various types of beautiful colours and resistance to warping, cedar can also be used for interior panelling in rooms around the house.
