Horbelev Kulturgård

Location: Horbelev, Denmark

Architect: WERK
Owner: N/A
Year of completion: 2013
Climate: Temperate oceanic climate
Material of interest: Wood
Application: Exterior and interior

Properties of material: Kulturgården works almost as a cultural centrifuge, inviting the variety of users to mix and learn from one another. The visible wooden structure provides an inviting, intimate and honest expression with references to the surrounding forests.
