

# Maggie's Centre Barts

case study  
By Juan Gonzalez

Location: London, United Kingdom

**Architect:** Steven Holl Architects

**Owner:** Maggie Keswick Jencks Cancer Caring Centres Trust

**Year of completion:** 2017

**Climate:** Marine West Coast

**Material of interest:** Polychrome Insulating Glass

**Application:** Exterior

**Properties of material:** The glass is developed by Steven Holl Architects and Okalux. The glass will enable daylight to enter the building without the glare, contrast or extra heat.
