NOTICE OF TITLE, SCOPE, AND PROCEDURE OF Thesis (Masters only)

This form must be completed by the student, approved as indicated, and returned to the Graduate School at least six months before the month in which the degree is expected to be conferred (August, December, or May).

Major Department: Psychological & Brain Sciences

Title of Thesis: Pupil dilation during memory encoding: The role of time pressure and depth of processing

For the degree of Master of Arts in (anticipated degree month/year) May 2018

Scope of Thesis: We tested if the pupil tracks the degree of elaboration and/or time pressure during encoding.

Procedure: We manipulated the levels of processing and speed of encoding in a 2x2 within-subjects design, recording pupil dilations throughout.

Marina P. Gross
Student Name

Signature: Date: 5/17/18

The title, scope, and procedure as stated above have my approval:

Name and Title (type): Ian G. Dobbins
Professor in Charge of Thesis

David Balota
Member, Research Advisory Committee

Todd Braver
Member, Research Advisory Committee

I concur in this approval:

Chair of Department or Program

Signature: Date: 5/12/18 5/12/18 5/12/18
