AN EXTRA MEASURE OF SERVICE

From its earliest days, Shepard's Citations has been known for the care exercised in every detail of its preparation.

And because craftsmen, devoted to an ideal of perfection, hand-build the citations of today just as they have hand-built them for 97 years, Shepard's Citations continues to be one of the most respected and envied in the field of fine law books.

Long ago we learned that nothing less than patient, skillful and painstaking methods could produce the service which good lawyers required. Perhaps it is true that we build better than a law book need be.

But in the pleasure, safety, prestige and satisfaction which every Shepard owner enjoys, we find the justification that this extra measure of service requires.

Tens of thousands of lawyers tell us you cannot afford to maintain a law practice without constant reliance upon Shepard's Citations.
